PROFESSIONAL SUMMARY

Product Designer with 5+ years of experience creating web and mobile interfaces for early-stage digital products. Sole designer for a complex SaaS platform combining professional networking and project management; experienced in end-to-end UX/UI, iterative product development, design systems, prototyping, and collaboration with founders and engineers. Building skills in design engineering and AI-assisted development.

CORE SKILLS

Product Design • UX/UI Design • User Flows • Information Architecture • Wireframing • High-Fidelity UI • Interactive Prototyping • Interaction Design • Responsive Design • Design Systems • Usability Testing • Developer Handoff • Figma • Adobe Creative Suite

PROFESSIONAL EXPERIENCE

Freelance Product Designer | Independent | Bay Area, CA | 2024–Present

- Provided occasional project-based design support for SET.DO, an AI calendar and task-planning product, and Unit Post, a messaging/outreach product.
- Designed and implemented hanna.vision, a responsive portfolio website, using AI-assisted development workflows; final refinements in progress.
- Designed various websites and digital experiences, including responsive layouts, user interfaces, and web and mobile app concepts; continued professional training in product design and design engineering.

Sole Product Designer | WorkReactor | San Francisco, CA | Feb 2021–2024

- Owned end-to-end product design for a SaaS platform combining professional networking, startup collaboration, and project management.
- Designed an estimated 100+ unique high-fidelity screens across multiple product iterations as business priorities and feature requirements evolved.
- Created and maintained a comprehensive design system of reusable components, UI patterns, and consistent visual standards.
- Developed user flows, wireframes, and interactive prototypes for profiles, networking, project collaboration, tasks, and milestones.
- Partnered with the founder and engineering team on product decisions, feature planning, design reviews, and developer handoff.
- Completed a comprehensive redesign in 2024; implementation was paused following engineering team changes.

UI/UX Designer | ArtLife Studio | Kyiv, Ukraine | Nov 2019–Feb 2021

- Designed web and mobile interfaces, emphasizing visual clarity, usability, and consistent UI patterns.
- Collaborated with design and development teams; prepared and presented project concepts to clients and incorporated feedback.

SELECTED PROJECT

Hanna Vision — Portfolio Website (2026) | hanna.vision | Responsive site designed and implemented with AI-assisted development tools.

EDUCATION & PROFESSIONAL DEVELOPMENT

Bachelor’s Degree in Mathematics — National Pedagogical Dragomanov University

Design Engineering Course — In Progress (2026)

Mobile App Design — Projector Institute (2023) | Design Pro — Uprock School (2021)

UI/UX Design — DAN.IT (2019) | Web & Mobile UI/UX — Mobios School (2019)
